

Lewis-Palmer School District 38 wants to hear your opinion

Dear Tri-Lakes Community,

Lewis-Palmer School District 38 wants your feedback regarding the outcome of the November bond and MLO election. We are using a tool called Thoughtexchange to hear your insights.

Thoughtexchange allows individuals to share their thoughts, consider and rate the thoughts of others, and learn what is important to us as a community. Thoughtexchange keeps confidential who shared each thought and who assigned what ratings.

We invite community members to provide responses to the question,

"What are some important things we need to learn from the outcome of the recent bond and mill levy override election?"
