

Superintendent Interview Teams

Over 60 applications were received and reviewed. Individuals were selected for interview teams based on participation in D38 and in the community. In selecting team members, teachers and staff, parents, and community members were selected who represent K-12 education, as well as a cross-section of the community. The three teams will be led by a D38 administrator and consist of administrators from each school, teachers from each school, two parent representatives, and a community representative.

Thank you to all of you who applied.
