

Greetings!

For families who are returning, welcome back. And to those of you who are new to our school, we are glad you are joining the Home School Enrichment Academy (HSEA). Home of the Huskies.

The focus of the HSEA staff is to partner with you in providing enrichment opportunities to enrich your child's education. With caring adults, hands-on experiences, and purposeful play, our desire is for your child to absolutely love being a part of HSEA. There is never a "one-size fits all" when working with children, thus the importance of choice in education. I whole-heartedly believe that enrichment activities are essential to the growth and development of our youth.

Over the past years as I worked with students and families, I am continuously reminded about the value of how we show up for each other every day. I believe in positivity, gratitude, and partnership. Together, we make a difference in the education our students receive.

I look forward to getting to know each and every one of you. Thank you for choosing to be part of our HSEA family.

Ms. Melissa Gibson-Steiner
