

HSEA Vision

At HSEA we encourage each child to be deeply curious, to explore their passions, and to develop a life-long love of learning. We are committed to providing a positive, safe and stimulating environment where all are valued.

HSEA Mission

Our purpose is to partner with families to provide a safe, friendly environment where homeschooled students receive high-quality enrichment, including: PE, music, drama, and art. We offer hands-on instruction that may be messy, noisy, and always fun. We foster our students' love for learning, encourage them to explore new and exciting content areas, and create opportunities for positive peer interactions that teach teamwork, creative problem-solving, communication, and kindness.

Core Values

- Exploration and Creativity
- Community
- Engagement
- Play and Fun
- Social Interactions
