What is a Reimbursable Meal?

The basic formula require that five meal components are offered-milk, fruit, vegetable, meat (or an approved meat alternate like beans, yogurt, or cheese), and a grain. For a meal to be reimbursable, students must choose three full portions of the five, with at least one choice being a fruit or vegetable. Schools must also ensure that components also meet age-specific caloric requirements. A la carte sales are available for purchase to all students and charges are applied to all students including free & reduced students.

Assorted Varieties of Milk Offered Daily

USDA is an equal opportunity provider and employer
