

## Palmer Ridge High School

March 8, 2019

### ATTENTION PRHS STUDENTS, PARENTS AND GUARDIANS

State mandated testing for this school year will occur on April 9th & 10th and April 15-26th

- Freshmen will take the paper-based PSAT 9 on April 10th
- Sophomores will take the paper-based PSAT 10 on April 10th.
- Juniors will take the paper-based SAT on April 9th. They will also take the CMAS computer-based Science tests during the day of April 15th, 16th, or 17th. Students will miss half of a day that will be excused per administration.

Detailed schedules for these days will become available closer to the testing dates.

Parents and guardians have the right of refusal. The process for documenting this request is as follows:

- Parent Refusal Forms may be completed in the front office by parents or guardians.
- Forms will not be given to students.
- Students not testing will be excused from school both April 9th & 10th.
- **Please understand that the state of Colorado will be using the SAT as a possible graduation competency for math and English beginning with the class of 2021. Therefore, these assessments provide our staff with valuable information regarding student progress toward the required benchmarks.**
- **As you can image the planning and preparation for school wide testing is extensive; therefore, we are requesting that all forms are completed by March 22nd.**

Contact Kim Sandoval or Josh Trahan for any questions.
