Attention all students currently taking Advanced Placement Courses

It is once again time to register to take the AP Exams! What are the benefits of taking the AP Exams? Well, three words can answer that question: Confidence, Credit, and College Success. By taking AP Exams students develop good study habits; they improve their writing skills and enhance their problem-solving skills. Students who take AP Exams can receive a weighted grade if they complete the course, and take the AP Exam. Additionally, students can receive college credit at a variety of colleges and universities in the United States. Research has shown that students who take AP Courses and the exams feel more prepared for college, and are more successful in their college courses.

Registration material, the AP Bulletin, and general information on taking the AP Exams this spring will be handed out in AP courses the week of Jan. 28th- Feb. 1st. AP Exams will be held at Grace Best Education Center and will run from May 6th- May 17th. When you receive the Bulletin and the registration card from your son/daughter please review the AP Bulletin for detailed testing information and notify your son/daughter's AP Teacher or the AP Coordinator Tayler Kinney if you have any further questions. **As a reminder, the registration card and payments will be due on FRIDAY, MARCH 13th 2019.**

Please be aware of the deadline to turn in your registration card and payment! We will not take late payments and we will not order any exams after the deadline listed on the registration form. No exceptions so please pay early or by the deadline provided!
