ACCEPTING SECONDARY ONLINE PROGRAM ENROLLMENTS

The Secondary Online Program is now accepting enrollments for the Spring 2021 term. If you are interested in learning more about the Lewis-Palmer School District Secondary Online Program, please reach out to our school registrar Ashley Herebic at AHerebic@lewispalmer.org. You will then receive pertinent information and have the ability to engage in the enrollment process. Course sections are built based on student interest expressions and we therefore ask that this is completed by November 6, 2020. Online classes start on January 5, 2021 and are filled on a first-come, first-served basis. **Due to the forecasted increase in interest for online learning, enrollment options will begin to rapidly diminish as the second semester draws near.**
