REMINDER! DROPPING OFF OR PICKING UP STUDENTS

We would respectfully ask that parents who drop students off before or pick-up after school do so carefully. It is crucial that parents use the drop-off/pick-up lane before and after school in the upper parking lot. The parking lot is NOT a designated drop off or pick-up zone. Parents who prefer to use the parking lot instead of the drop off lane are asked to park in the lot in the painted parking spaces to wait for their student.

Attached is a the parking routine map for your convenience.

Also, please be aware that the **only** lane in the upper parking to pick-up and drop-off students is the lane closest to the curb. The two inside lanes are to be used once a student has been picked-up/dropped-off. These are NOT meant for student pick-up/drop offs and should NEVER be blocked!

The lower lot roundabout is only for school bus use! No drop/pick-ups are allowed.

Thank you and we appreciate your cooperation and effort to ensure our parking lots stay safe for our students, staff and community.

MONUMENT HILL ROAD UPDATE Info from El Paso County!

In early July, work on Phase II commenced, while continuing work on Phase I. Phase II will be substantially complete, and Monument Hill Road from the south entrance of Palmer Ridge High School to and including the Deer Creek intersection will be open to traffic August 18th. Drivers should expect shoulder work to continue. Woodmoor Drive and Deer Creek Road will serve as the detour route for access to the northern portion of Monument Hill Road and Palmer Ridge High School.

Monument Hill Road from Woodmoor Drive to south of Deer Creek Road will remain closed to allow the contractor to expedite completion and address utility and drainage issues. Project schedule remains dependent on weather and resources.

Drivers who need to use the detour route should plan for added travel time. Please reduce speeds and watch for workers, equipment, signs and barricades. Drivers are encouraged to take alternate routes during construction. El Paso County wishes to thank drivers in advance for their cooperation.
