*Rental hours include all hours in the facilities to include setup and tear down.*

The rate schedule does not include custodial time. All organizations will be charged custodian's time if the facility is used when the school personnel are not normally on duty and the custodian must be available to open and close the building. Additional custodial time will also be charged when the activity leaves the building in such a condition that additional clean-up must be performed. For those facilities where a custodian is regularly on duty during the rental, the user will be charged a custodial fee of \$30 to compensate for additional work required in opening, securing, cleaning, etc., related to the rental. Snow removal will be an additional charge for use after hours and at times when school is not in session. It is at the determination of the district if snow removal is required.
